PS-GAN-60W

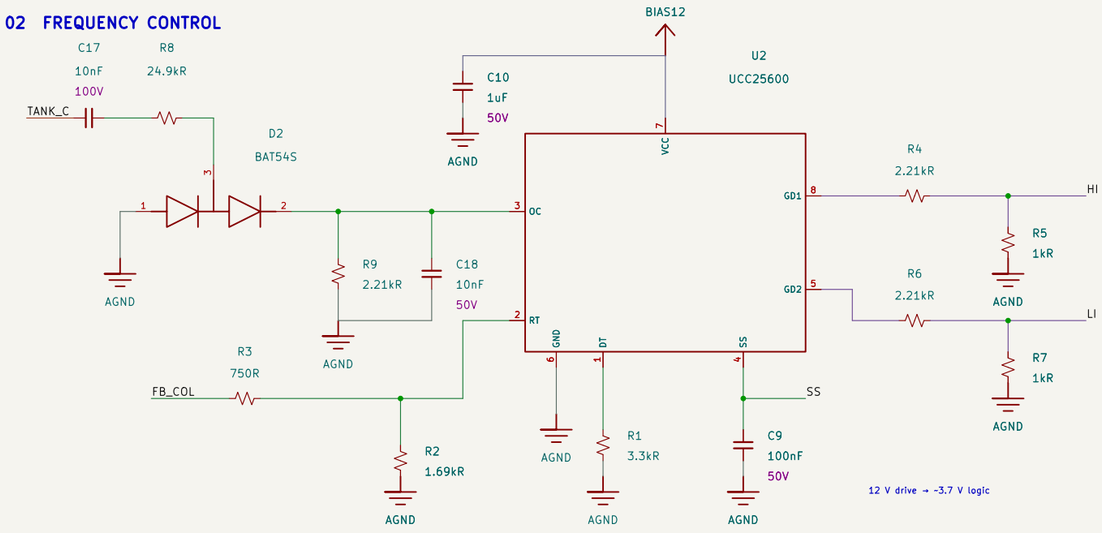

48 V nominal → isolated 12 V / 5 A target | A11 engineering prototype

PGND: input return / SGND: isolated output return / AGND: controller return (joins PGND inside U1)

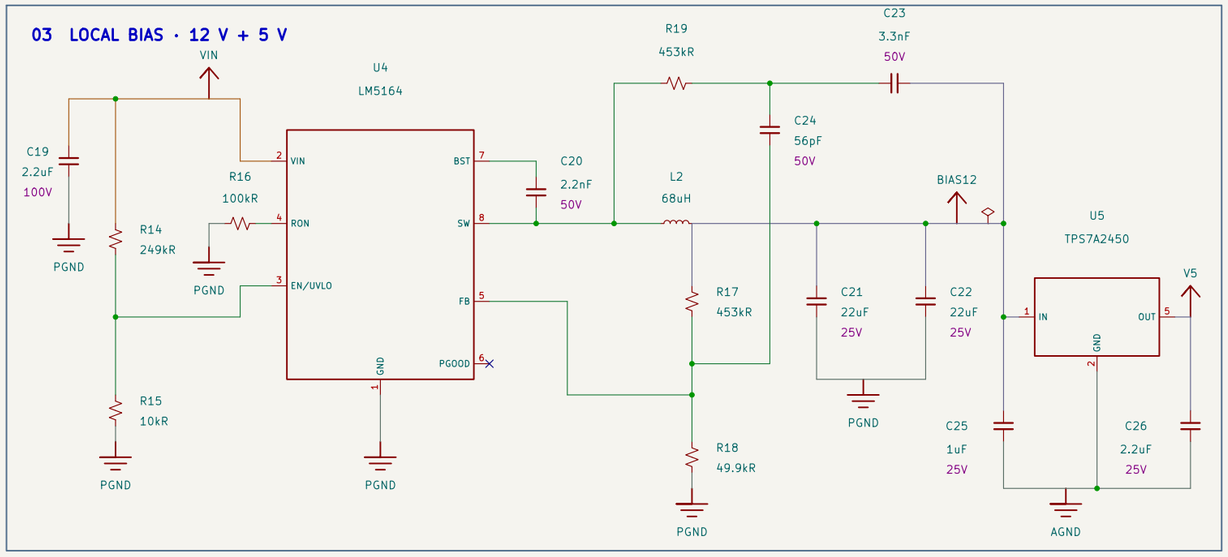

01 PLANAR POWER PATH

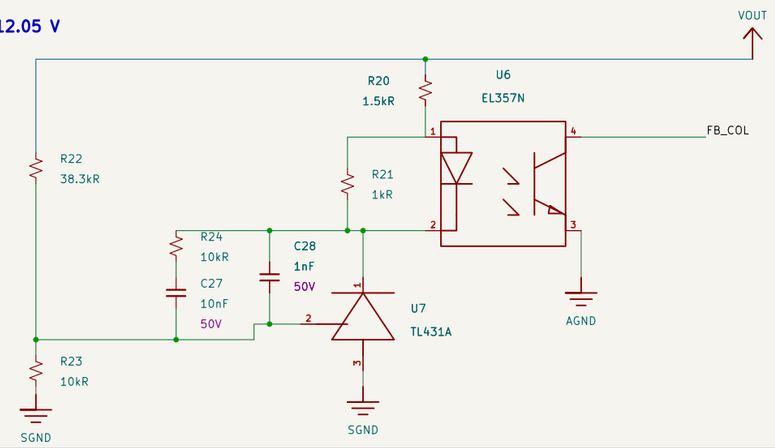

02 FREQUENCY CONTROL

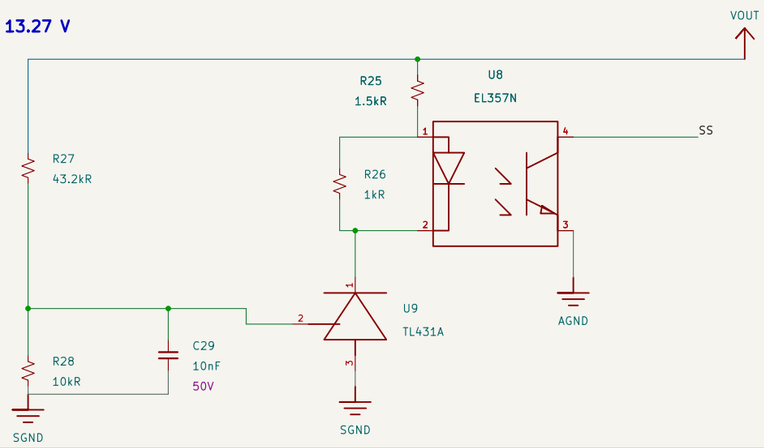

03 LOCAL BIAS · 12 V + 5 V

04 ISOLATED FEEDBACK · 12.05 V

05 OUTPUT OV PROTECTION · 13.27 V

UNBUILT · Functional isolation only · Verify magnetics, switching, no-load operation and thermal limits before release.
